LOUISVILLE MAN GAINS 23 POUNDS

Five Years' Trouble Had Weakened Him So He Could Work But Very Little—Trouble Ended

"If there was ever a time in my life when I felt better than I do now I don't remember it," said Michael McCrone, of 541 South Clay street, Louisville, Ky.

"I have not only gotten rid of stomach trouble and catarrh of the head that made life miserable for five years, but I actually weigh 23 pounds more than I did the day I began taking Tanlac. I could not eat anything except very light food but what gas would form and keep me feeling sick at the stomach for hours. I had the worst sort of pains in my left side, and at night especially the catarrh in my head caused me so much trouble I could get but little rest. I could scarcely breathe lying down and it was often almost day before I got any sleep at all. I lost thirty pounds in weight and had very little strength and had to stay home from work for days at a time.

"While looking over the paper one evening I ran across a testimonial for Tanlac that described my case so well I made up my mind to give it a trial. After I had finished my third bottle I was feeling like a brand new man. My catarrh was gone, my head felt clear, my stomach stopped troubling me and I could lie down at night and sleep like a child. I can now eat anything I want and never feel a touch of indigestion. I have never felt better in my life than I do now." (adv)

PAPER MILL WORKERS TO REJECT WAGE CUT

Union workers in the paper and pulp mills of the United States and Canada have voted to reject a 30 per cent. wage reduction proposed by the manufacturers for May 1, it was announced by the Labor Bureau, Inc.

Local unions have been instructed that "should satisfactory terms of settlement not be forthcoming from the manufacturers between now and the time of the expiration of the agreements work will automatically cease in the mills of six companies upon May 1 and thirteen companies upon May 11."

Should the walkout occur, labor leaders assert, approximately 25,000 workers will be affected and 50 mills of 19 companies tied up. These mills, they claim, produce about two-thirds of the paper stock consumed in this country, having a daily output of 3,600 tons of newsprint and 1,500 tons of finer paper for job printing.

Coffee costs the people of the United States more than \$1,000,000 a day.
